**Dear Friends,**

**Welcome to 2022 International Conference of Business and *Applied* Sciences Academy of North America!**

We still are continuing to pass through trials and tribulations during health care challenges. As a corollary to the pandemic, we all are confronted with global economic, cyber security and climate, migration issues. Some of these issues including the Russian war with Ukraine are direct consequences of preventable human actions. With the loss of million plus people and counting, we hope a lesson is learned that we cannot act irresponsibly anymore, we must live responsibly; care for others, resolve the issues and challenges of all humans on earth as a united front-and acting all of us together. In addition, we must dream of a better life, better future for all the living beings in this planet. Toward that ends, let me welcome you to the 16<sup>th</sup> BAASANA International conference at Saint Peter's University, New Jersey and also a day in China Town, New York., USA. Our conference theme centers around the human resilience in overcoming the challenges of the Pandemic at the same time celebrating diversity of human cultures and the contributions each make to human civilization. In fact, our final day of conference was diligently planned and organized around appreciation of ethnic diversity and healthy community living. Please join me in thanking our friend and benefactor, a distinguished alumnus of the United Nations administration, a dedicated professor and researcher, the Senior VP and Life Member of BAASANA Board of Directors for hosting the third day of conference at China town. We must also express our gratitude and sincere thanks to the authorities of Saint Peter's University for hosting our conferences on August 10th and 11th. In this context, I would like to specially thank Dr. Mary Kate Naatus, KPMG Dean of the Frank J. Guarini School of Business at Saint Peter's University—a BAASANA Board Member, and Dr. Chanaz Gargouri, a dedicated faculty member, and BAASANA VP for North African region for working out the logistics of this conference.

Finally, I would like to thank YOU, the participants, presenters, and panelists, -without your attendance and assistance, this conference would not have happened. We are indebted to our Keynote Speaker, Dr. Sam Guobadia, Vice Chancellor of Benson Idahosa University, Benin City, Nigeria for joining us and contributing to the conference theme. Another distinguished member of the BAASANA Board, Vice Chancellor Imran Rahman representing Bangladesh, ULAB, and adjoining countries of South Asia. We are hoping that BAASANA Bangladesh Chapter will be hosting a conference in January 2023. We are proud of Dr. Alexandra Esiameje, President of BAASANA Nigeria chapter for doing an outstanding job to date. I have a reason to believe that Nigeria chapter may soon earn the status of a role model!

Dr. Serajul I. Bhuiyan, President and Program Chair for 2022 Conference has done a commendable job in organizing this conference. When we were skeptical about hosting a F2F conference only a couple of months ago, he cleared the doubt by maximizing his efforts to recruit papers and panels. Of course, we know the person who holds the BAASANA together in all seasons is Dr. Mboga- May she be blessed with a long and healthy life both for her and for us! Please also join me for a round of applause for all members of the BAASANA leadership team. WELCOME!!
